Testing results are a certified scientific examination of a single sample, as identified by the Sample ID, provided by the Producer/Processor. True Northwest Laboratory and its staff did not observe or participate in the sample selection process and cannot confirm the authenticity of the sample or its representativeness of the associated lot/batch. Unless otherwise stated all quality control samples performed within specifications established by the Laboratory. The results pertain only to the sample tested and no other sample. All methods have been certified by the WSLCB.
